

## World Autism Awareness Day

World Autism Awareness Day (WAAD), observed on April 2, was adopted by the United Nations in 2007 to shine a bright light on autism as a growing global health priority. Every year on World Autism Awareness Day, Autism Speaks celebrates its international "Light It Up Blue" campaign. Thousands of iconic landmarks, skyscrapers, schools, businesses and homes across the globe unite by shining bright blue lights in honor of the millions of individuals and families affected by autism. Individuals everywhere wear blue in honor of our community.
